WANDERINGS
GEORGETTE B. HALL

OUR ANNIVERSARY
Today's issue of the Hancock County Eagle marks the beginning of our twelfth year of publication. Our first issue was off the press on September 15th, 1949.

We want to give thanks—first, to God, for His Guidance—then to our subscribers and advertisers, who have supported us with their business, and to our many other friends, for their moral as well as physical support during these eleven years.

Our policy during these years, has been, and will continue to be, "live and let live." With this in mind we have tried always to be fair and square in our dealings with everyone. We have not unnecessarily raised prices, except where rising costs of production have made it a necessity.

We have endeavored to help build our community, rather than to tear it down. We have at all times, tried to be of assistance to officers of the law, and to all other public officials.

We believe that assistance in solving their problems is far better than a lot of unjust criticism.

With these thoughts in mind, we will do all in our power to continue to be of service to the public and to merit their good will as well as our share of their business.

We will endeavor to give our readers the kind of newspaper, we believe they and every member of their family will enjoy reading. Good clean news is what they want—scandal usually gets around even faster than a newspaper can print it.

ENTERTAIN AT OLSENS HOME
The Irwin Olsens, Sr., and the William Schaefer of New Orleans and Clermont Harbor entertained at the Oak St. home of the Olsens on a recent weekend.

The long refreshment table was centered with a beautifully decorated birthday cake suitably inscribed to honor three of the guests Mrs. Elsie Olsen, Mr. Chamling Fell and Mr. John Davis.

Joining in singing Happy Birthday were:

Mr. and Mrs. Olsen, Sr., Mr. and Mrs. Wm. Schaefer, Mr. Olsen, Jr. Mrs. and Mrs. R. Power, Mr. and Mrs. S. Leblanc, Mr. and Mrs. Chester Ford, Mr. and Mrs. C. Diboll, Mr. and Mrs. Sal Palmarino, Mr. and Mrs. Nick Carbaral, Mr. and Mrs. John Eckenburt, Mr. and Mrs. D. Raymond, Mr. and Mrs. E. Davis, Mr. and Mrs. J. Anderson.

Madames Marion Olestad, Ruth Ellis, Rae Cope and Mr. Bill Birkhoff.

The guests began arriving for

Mr. and Mrs. Henry Sparks of Los Angeles, California, and their son, Dale, were recent guests of Mr. and Mrs. Michael Ruppel. Mrs. Ruppel is Mrs. Sparks' aunt. The ladies had not seen each other in nine years and their reunion was most enjoyable. Visiting the Ruppels over the Labor Day weekend were their two granddaughters, Mrs. Grady Chandler and two sons and a daughter from Connecticut, and Mr. and Mrs. Bill Stierman and two daughters from Washington.

Mr. and Mrs. Frank Shippey are enjoying a vacation trip to New York. Mr. Shippey has just returned from a year spent in Korea where he was attached to the corps of U. S. Engineers. The Shippeys' son, James, plans to resume his studies at Mississippi State this year and daughter, Barbara, will continue her education at Loyola University in New Orleans.

Friends of Mr. Ed Harris are glad to know that he is feeling better. He is coming on "slowly but surely" which is good news for all his friends.

Mr. and Mrs. Roger Bordages are spending a week in Baton Rouge where they are the guests of Mr. and Mrs. Ed Carrio.

Congratulations to Mr. and Mrs. T. C. Holmes who are the proud parents of a new son born in Hattiesburg. Mr. Holmes, who is connected with the Tennessee Gas Company, has returned to Waveland from Hattiesburg. Mrs. Holmes and the baby will join him shortly.

Deepest sympathy from the entire community is extended to Mrs. Lewis Wagner and sons upon the sudden death this week of Captain Wagner who died at sea.

Belated birthday greetings to Dan Byers who celebrated September 7. Mr. and Mrs. Byers left the day following for Georgia where they will be the guests of his daughters.

If you live in the 700 block of Beach Boulevard, you've probably heard the faint tinkle of a bell lately and seen the bell ringer—a young cat with a collar and bell around its neck. The cat is definitely lost as it shows care. The animal is very thin, however and no one wants to feed it as it might "stay put." Folks in the area are already overladen with pets and are not anxious to adopt any more. The cat is pretty and gentle and if readers of this column know of anyone who might

have lost the little animal, the word might be spread of its whereabouts.

Mr. and Mrs. Fred Rose and sons, Jeff and Glen, recently returned from a trip which took them to Hazelgrove, Kentucky. Fred was called there by the serious illness of his father, Robert B. Rose. On the way home, the Roses stopped in Knoxville and the resort center, Gatlinburg. In Banbridge, Georgia, they joined daughter Lynn who had been visiting Mr. and Mrs. C. S. Syer. Home again, the Rose children are in school and the Fred Roses are once again on the job at Handymen Homes on Highway 90.

Congratulations to Mr. and Mrs. Fred DeHaan who were married Saturday morning in St. Clare's Church. The marriage ceremony was performed by the Rev. M. J. Costello.

The young grandson of Mr. and Mrs. Walter Courtault, Sr. was christened Sunday in St. Clare's Church by the Rev. M. J. Costello. The infant is the son of Mr. and Mrs. Walter Courtault, Jr. Godparents were Mr. and Mrs. Joseph Kennair.

Governor Ross Barnett has appointed today by Basil O'Connor, president of the National Foundation, Dr. Gray, in accepting the appointment paid tribute to March of Dimes volunteers for another great achievement in developing the live-virus polio vaccine which is the use by the U. S. Government.

The new live virus vaccine, Dr. Gray pointed out, is not expected to be available before next spring. Meanwhile the State Health Officer urged continuing wide-use of the Salk polio vaccine also developed with March of Dimes funds.

Dr. Albert B. Sabin, the scientist who developed the live-virus vaccine, has been a March of Dimes Grantee since 1940. Dr. Gray said, "This achievement means March of Dimes supporters have done it again"—by paying with their contributions for the perfection of a second effective preventive against a dread disease.

Cooper also had praise for March of Dimes volunteers. He termed their work "remarkable" as he pointed to last January's accomplishment. Final audited reports show total receipts for Mississippi of \$342,837.33 with an expense ratio of only 4.6%. "Every volunteer worker and every contributor can take pride in this achievement," Cooper said.

Dr. Gray pointed to the vitally important objectives of the 1961 New March of Dimes—prevention of birth defects, arthritis and polio. "Birth defects are the largest unmet childhood medical problem in the United States today. Arthritis is the No. 1 crippling, disabling more people than any other chronic disease. And the New March of Dimes still must aid polio patients, support its famed virus research program and campaign for universal vaccination," the State Chairman said.

Cooper called for early planning at the county and community level to assure adequate funds to continue the fight of prevent crippling diseases. "The New March of Dimes," he said, "has come to symbolize a compassionate way to give help and courage to the stricken and to make the world a safe and happy place for children."

Dr. Gray, a native of Fulton, has been a career public health officer for 30 years. He received his M. D. Degree from the University of Tennessee and holds the Master of Public Health Degree from Harvard. Dr. Gray became State Health Officer upon the retirement of the late Dr. Felix J. Underwood, July 1, 1958.

Cooper, a native of Vicksburg, holds the B. S. Degree from Mississippi State University, M. S. Degree from the University of Mississippi, and the LL.B. Degree from the Jackson School of Law. He is executive vice president of Mississippi Chemical Corporation and Coastal Chemical Corporation, Chairman of the Board of First Mississippi Corporation and has other business connections. He is past president of the Mississippi Baptist Convention and is currently serving as state president of the Mississippi Safety Council.

GRAY AND OWEN COOPER TO LEAD MARCH OF DIMES

Dr. A. L. Gray State Health Officer, Jackson, and Owen Cooper, industrialist of Yalco City, will lead Mississippi volunteers in the live-virus polio vaccine campaign set for January 2-31, 1961.

Dr. Gray will lead the State campaign against birth defects, arthritis and polio for the third year, while Cooper will be serving as Associate Chairman of the seventh consecutive year.

The appointments were announced today by Basil O'Connor, president of the National Foundation. Dr. Gray, in accepting the appointment paid tribute to March of Dimes volunteers for another great achievement in developing the live-virus polio vaccine which is the use by the U. S. Government.

Program is Underway To Solve Water Problems in Mississippi

Will be a great relief to supply water to meet the needs of the people. These are the problems being encountered at the present time by the persons who are to use the supply of water. The surface of the ground in our State. As the demands for more water continue to increase, will the ground water problems also increase? No one knows all the answers, but there is a program underway that may provide some of the solutions. But first, it is necessary to know more about the problems.

Twenty state-wide organizations have representatives serving on the Inter-Organizational Committee on Ground Water Problems that is working in cooperation with the Mississippi Board of Water Commissioners. This committee has set September 20 as Ground Water Problems Inventory Day, at 1:30 p. m. simultaneously, in each county of Mississippi, a meeting will be held by the local people so that ground water problems may be discussed and recorded.

In Hancock County a meeting will be held at the Agricultural Center Building on Neale Avenue in Bay St. Louis. The Miss. Water Well Contractors Association has asked Fred Sutter of Pass Christian to preside over the meeting.

Problems affecting agricultural, industrial, domestic, municipal or recreational ground water users will be discussed and inventoried. These problems will be tabulated by the Inter-Organizational Committee, supplemented with state-wide technical information and information about legal problems, conclusions drawn and broad recommendations for solutions will be made. These recommendations for solutions will be provided to the local people at area meetings that will be held later this year.

All interested citizens are urged to attend this important meeting. The problems must be recorded, if solutions are to be found.

PASTURE WEED GROWTH AT ITS HEIGHT

Mississippi farmers need to start quick and relentless fight on weeds. Weed growth is now at its height as the recent drought has aided and abetted weeds in gaining ascendancy over grasses and clovers. Weeds have great resistance to drought, insects, and diseases, are heavy feeders on plant foods and moisture and enormously reduce the capacity of pastures to produce meat and milk; however, weeds on pastures can be controlled easily and cheaply by mowing.

N. O. Wedding Of Interest

The marriage of Miss Nena Lynne Lennox, daughter of Captain and Mrs. Joseph Audrey Lennox, Jr., of New Orleans and Mr. Nasir Ahmad Bashir, son of Mr. Chaudry Ahmad Bashir of

Lyell-Pur, West Pakistan, was quietly celebrated in Baton Rouge, La. on Thursday, September 8, at 4:00 p. m. in the home of Dr. Martha Hollinger.

The bride, given in marriage by her father, was attired in a hazy green brocade frock made on sheath lines and with a bolero jacket having elbow length sleeves and a shawl collar. Her accessories were of celadon green and she wore a corsage of white orchids. Completing the costume was a string of pearls belonging to her great-grandmother.

Miss Joan Hollinghorst acted as bridesmaid and wore an emerald green sheath gown with wrist length sleeves and cut in a deep V in the back. Her corsage was of pink cymbidium orchids. Best man was Mr. Phillip Sangburg of Baton Rouge. Dr. Trice of the First Methodist Church in Baton Rouge performed the ceremony followed by the Islamic Rites conducted by Abdul Husan of West Pakistan. The bride's table was covered with a sheer imported linen cloth, heavily embroidered with insets of hand-made lace. In the center was a large arrangement of white chrysanthemums flanked by crystal candelabra holding tall white tapers tied with tulle and the traditional orange blossoms. Similar decorations were about the reception room.

Receiving were the bride's mother, who wore a blue linen sheath with a bolero and pink cymbidium orchids; Mrs. J. William Hill, aunt of the bride, whose gown was of royal blue silk poplin worn with lilac accessories and pink cymbidium orchids; and Dr. Hollinger, whose gown was of plum color, also with a pink cymbidium corsage.

Assisting in serving were a bevy of the bride's classmates including Miss Frances Chase of New Orleans, and Miss June Pitre of New Orleans and Westwego, La. The young couple left on a brief honeymoon after which the groom will resume his duties as Assistant Zoologist at Louisiana State University while working towards his Ph. D. He received his Masters Degree at the University of Punjab in Kuirachi, West Pakistan and is in the United States on a Fulbright Scholarship. Ultimately the young couple will embark for West Pakistan, where Mr. Bashir will join the faculty of the University of Punjab for a two year period, whence they will return to the United States to reside. They will be at home at 3265 Ivanhoe Street in Baton Rouge.

Mrs. Bashir was a frequent guest of her uncle and aunt, Mr. and Mrs. J. William Hill when they resided here.

The Boy and The Pirates' Opens At The Legion Theatre Sept. 22

"The Boy and the Pirates" opening at the Legion Theatre through United Artists release, is frankly and unabashedly—in fact, frankly—an escape film. An imaginative venture into the realm of adventure-fantasy, it is designed to appeal to anyone who is fed up with the guided missiles, income taxes, and international tensions of mid-twentieth century civilization, and would appreciate a restful hour-and-a-half amid the colorful and romantic violence and intrigue of the Eighteenth century.

Filmed in Eastman Color, "The Boy and the Pirates" is the unusual yarn of a Twentieth Century boy who by a delightful but of screen magic, is transported back in time some two hundred years, and finds himself on a pirate ship at sea, as a cabin boy to Blackbeard.

"The Boy and the Pirates" was produced and directed by Bert I. Gordon, and stars Charles Herbert, Susan Gordon and Murvyn Vye. The supporting cast is headed by Paul Guilfoyle, Jos. Turkel, Archie Duncan, and Than Wynne. The screen play was written by Lillie Hayward and Jerry Sackheim.

All of the wonders and there are many of them of "The Boy and the Pirates" have been filmed in "Perceptovision," a new patented dimensional process by Gordon's which combines traveling matters and split screen effects.

Murvyn Vye, possessor of the deepest basso profundo voice in Hollywood, plays the role of the unspeakable Captain Blackbeard. Eleven-year-old Charles Herbert plays Jimmy Warren, the 11-year-old boy who is transported, courtesy of the genie in the bottle, to the decks of Blackbeard's vessel.
